The Interdenominational State Sunday-school convention held a most successful meeting in Columbia this week.

The Colleton county Democratic convention addressed C. W. Garris for railroad commissioner. This is Garris's home county.

On Wednesday of last week at Conway Town Marshal J. F. Borum shot and instantly killed W. E. Porter, a prominent liveryman.

Rev. S. C. Ballentine, a prominent Lutheran minister, has been elected incumbent of the town of White Rock, in Lexington county.

Judge J. C. Pritchard, of North Carolina, has been appointed by the president to succeed the late Judge Simonton as United States Circuit Judge.

Col. J. E. Hagood, clerk of the United States circuit court, over which the late Judge Simonton presided, died in Pickens last Friday. He had held the office of circuit court clerk, for 32 years.

The last legislature passed an act establishing 124 scholarships at Clemson college worth one hundred dollars each, to be awarded only to students who desire to take an agricultural course.

Capt. Lawson D. Melton, of Columbia, has been appointed United States assistant district attorney vice Judge C. P. Townsend, resigned. The office has been removed from Charleston to Columbia.

Last Friday morning the citizens of Batesburg were startled by hearing rumbling underground noises. The noises resembled the roar of a distant train and seemed to come right up under their feet.

E. Lacy, a printer, was taken from the guardhouse at Wagner Friday night by a party of white men and severely whipped. He had been arrested for drunkenness, but could not find out why he was whipped.

Ben Burton, a merchant at Monetta, in Saluda county, was shot and killed by Morgan Thraillkill, a prominent farmer, on Wednesday of last week. The shooting grew out of a dispute concerning the ownership of a revolver.

Little Katie Bell, the ten-year-old child of Mr. and Mrs. Nick Neeley, was drowned in Hampton's pond near Columbia on Wednesday of last week. The parents were fishing at the time, and the little girl fell into the water accidentally.

There was a collision on the Atlantic Coast Line railroad last Saturday near Scranton in Williamsburg county, between a passenger train and an engine. The engineer and fireman were slightly injured, but no one else was hurt.

As the Senate refused to confirm the appointment of Crum, President Roosevelt has again appointed him collector of customs at Charleston. He is not drawing any salary, but has demonstrated his willingness to serve Uncle Sam for glory alone.

Columbia is arranging for a fun-flower carnival in that city, to be held on Tuesday, Wednesday, Thursday, Friday, and Saturday, May 24th, 25th, 26th, 27th, and 28th. A varied and entertaining program of amusements has been arranged. Cheap rates will be given on all railroads.

At Brunson, Hampton county, last Friday night Mr. Capers Folk shot and seriously wounded his widowed mother in the shoulder. She got up late in the night to close a door and her son was awakened by the noise and shot her by mistake, thinking she was a burglar. She will no doubt recover.

In Newberry last Saturday afternoon two white men, Pink Davenport and Dick Sanders, had a difficulty on the street. They met later on the road home and a negro employee of Sanders, named Dick Burton, slashed Davenport with a knife, cutting him several times about the neck and shoulders. Davenport shot at the negro several times with a pistol but failed to hit him. None of his wounds are dangerous. All parties were drinking.

CURED OF RHEUMATISM.

"My mother has been a sufferer for years with rheumatism," says W. H. Howard, of Husband, Pa. "At times she was unable to move, while at all times walking was painful. I presented her with a bottle of Chamberlain's Pain Balm and after a few applications she decided it was the most wonderful pain reliever she had ever tried, in fact, she is never without it now and is at all times able to walk. An occasional application of Pain Balm keeps away the pain that she was formerly troubled with." For sale by H. C. Rice, Denmark, Bamberg Pharmacy.

We regret that Senator Mayfield has withdrawn from the race in the second district. No man could serve the State better in congress and we would be glad to see him there.—Florence Times.

MADE YOUNG AGAIN.

"One of Dr. King's New Life Pills each night for two weeks has put me in my 'teens' again," writes D. H. Turner, of Dempseytown, Pa. "They're the best in the world for liver, stomach and bowels. Purely vegetable. Never gripe. Only 25c, at J. B. Black; H. C. Rice."

PROSPEROUS BLACKVILLE.

Another One of the Low Country's Thriving Little Cities Which is Coming to the Front.

On Friday last I dropped myself at Blackville, a lively little city in Barnwell county. From what I could gather Blackville seems to be enjoying an era of prosperity. The Southern railroad lines from Columbia to Jacksonville and from Augusta to Charleston cross here, making it a central trading point for a large section of country.

The town is regularly laid off with broad streets which are beautifully shaded. There are a number of handsome residences in town which are adorned with beautiful flower yards. The stores contain large and carefully-selected stocks of goods which are marked at prices that compare with Charleston and Augusta. The only manufacturing enterprise in town is a hosiery mill, which employs quite a number of hands.

The town also has a bank which is in a prosperous condition. The graded school is presided over by Prof. W. B. West, whom I found to be a clever and sociable gentleman. Assisted by an able corps of teachers Prof. West is accomplishing a great deal in advancing the educational interests of the town and surrounding community.

On account of the busy season I met only a few farmers in town, who stated that their prospects were bright for the future. The cotton acreage in that section has not been increased to any considerable extent and they expect good prices this fall. They will continue to raise their "hog and hominy" and live at home. Knowing that the farmer is the bone and sinew of the country it is a pleasure to converse with him and learn how independent he is regardless of how the affairs of the world may change.

In looking about for lodging I was directed to the Rush House and felt at home as soon as I clasped hands with Col. Rush, the genial proprietor. Col. Rush seems to take a special interest in looking after the accommodation of his guests, and all who stop with him are treated with the kindest hospitality. His house is first-class in every respect. The rooms are clean and attractive and the table is supplied with the best the market affords and prepared in a style to tempt the appetite of the most fastidious.

The citizens of Blackville are kind, sociable and progressive. They are fair and honest in their business transactions and enjoy a lucrative patronage from a large area of the adjoining counties. The HERALD's cause was presented and was met with a liberal response. Those people know what a good newspaper and fine job printing at low prices mean to them and they did not hesitate to take advantage of the same.

AN OPEN LETTER.

From the Chapin, S. C. News: Early in the spring my wife and I were taken with diarrhoea and so severe were the pains that we called a physician who prescribed for us, but his medicines failed to give any relief. A friend who had a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy on hand gave each of us a dose and we at once felt the effects. I procured a bottle and before using the contents we were entirely cured. It is a wonderful remedy and should be found in every household. H. C. Bailey, editor. This remedy is for sale by H. C. COUNTRY NEWS LETTERS.

SOME INTERESTING HAPPENINGS IN VARIOUS SECTIONS.

News Items Gathered All Around the County and Elsewhere.

Ehrhardt Etchings.

EHRLHARDT, May 2.—Farmers are complaining of poor stands of cotton, the cold weather causing it to die out as fast as it comes up. Crops are exceedingly backward this spring, owing to the unfavorable seasons that we have had so far, but we hope that the yield will be great nevertheless, and not leave the country in general in such bad shape financially.

A good rain would be fine on the young crops in this section, as in some places the farmers say their lands are very dry.

The memorial last Friday was well attended from this place. It was a decided success this year, although there were not as many present as generally attend. The speeches were fine, followed by an abundant spread of the most tempting viands that the heart could wish. Even the candidates (and there were lots of them present) were satisfied. After dinner a numerous handshaking was indulged in by everybody (and the candidates too) after which farewells were said and the old surviving heroes wended their ways homeward, their minds filled with memories of 40 years ago when the brave soldiers buried on the grounds fell in defense of their homes at Rivers' bridge. Another day has come and gone, but the deeds of those honored soldiers, who gave their lives for their country, still live and always will.

We are glad to say that those on the sick list are improving rapidly.

Speakers have been secured for the Mt. Pleasant Sunday-school picnic and funds for refreshments raised, so those who attend are assured of a good time.

Fish fries will soon be the order of the day, and then angling for "jacks" by the ladies and catching "mollies" by the young men will be the game played to a finish.

Miss Alice Sease and sister, Marion, of Barnwell, visited Mrs. S. W. Copeland last Saturday and Sunday.

Mr. G. B. Kinard has set up house-keeping in full. He has made his wife a present of a cat and bought a book (how to catch mice) to throw at the cat.

Mr. Ben. F. Brown will leave in a few weeks to undergo treatment at Hot Springs, Arkansas.

A good many of the old soldiers will attend the reunion in Charleston this month. A few will also attend the reunion in Nashville, Tenn., the first of June, going on to the World's Fair in St. Louis, Mo., after the reunion is over.

Blackville News.

BLACKVILLE, April 30.—The Blackville lodge, A F M, conferred the Master's degree on six candidates Wednesday and Thursday nights of this week, and celebrated the occasion with one of the most elaborate banquets ever given here last night.

Over 100 guests were present. Among them, many of the distinguished Masons from the neighboring towns.

The ladies of the refreshment committee earned great credit for the pleasant and efficient manner in which the spread was prepared and served.

White and green were the prevailing colors and the decorations showed to a very pleasing effect in the beautifully lighted hall.

Grand Master Jno R Bellinger responded in a very happy speech to the presentation by Dr R A Gyles on behalf of the lodge and the ladies of a handsome cake bearing the monogram "A F M."

The school here will close on the week of May commencing with the 15th. Mr. A C Latimer will address the graduating class on the morning of the 20th. Dr Potat of Furman university will also speak on the evening of the 20th. This has been a successful session under the management of Prof W B West and his able teachers.

The young ladies of the Leap Year club entertained their young men friends at the residence of Mr P W Farrell a few evenings since in a guessing contest and several handsome prizes were given.

The asparagus shipment from here has been very heavy this season, many days the planters loaded a solid express car.

The cantelope acreage here is very good, though not quite so large as last year.

It is very probable that a district normal school for teachers will be located here this summer for Bamberg, Barnwell and Aiken counties. By so doing the teachers will have a central point and a better school. The Blackville people promise to make it pleasant for the teachers when they come.

Miss Katie Farrell gave a "card party" last night in honor of her guest, Miss Lyl Brown of Aiken.

One of the greatest blessings a modest man can wish for is a good, reliable set of bowels. If you are not the possessor of such an outfit you can greatly improve the efficiency of those you have by the use of Chamberlain's Stomach and Liver Tablets. S. G. MAYFIELD WITHDRAWS.

T. G. Croft, of Aiken, Will be Democratic Nominee for Congress.

The State Democratic executive committee, or the members from the second congressional district, met in Columbia last Friday night and officially declared the result of the recent congressional primary. The official vote was: T. G. Croft, 3,997; S. G. Mayfield, 1,706; L. J. Williams, 1,482; Patterson, 1,174. Croft needed 229 votes to have a majority over all the others and be nominated in this primary.

Mayfield and Croft were declared the official candidates of the party in the primary to be held next Saturday, May 7th. There have been rumors ever since the primary that Mayfield would withdraw and give young Croft an open field for the unexpired term of his father, on account of the large vote polled by Croft, it being clear that almost a majority of the voters wanted the young man to have this unexpired term.

Last Saturday afternoon this action was taken by Senator Mayfield, who wrote the following letter to Willie Jones, chairman of the State Democratic executive committee:

"Sir: I have this day decided to withdraw and do hereby withdraw from the race for congress in the second congressional district in the second primary. By so doing I save to the people a contest for the unexpired term at the time when they are exceedingly busy and yield to my opponent, Mr. Theodore G. Croft, who has received almost a majority of all votes cast in the first primary, an open field."

Letter to L. A. Klauber, Bamberg, S. C.

Dear Sir: It's an old saying: the best advertisement is a pleased customer.

It happens to us continually in this way: A man buys Devoe for his house—he has painted it once in three years for a dog's age, and thinks he knows what he wants—buys 30 gallons, and has 10 left.

He sees right-off that 20 Devoe is as much as 30 of anything else. He likes that; it comes quick; it is a surprise; and he tells of it. The best advertisement is a pleased customer.

Three years roll round. There isn't a sign that his house needs paint; he don't paint it. Next year he don't paint it. This comes slow; it is a surprise; but he has got used to it. Still the best advertisement is a pleased customer.

Yours truly
F W Devoe & Co.

White Man Kills a Negro.

BARNWELL, April 27.—Mr. J. Lawton Ellis shot and killed Tom Badger yesterday near Baldock, in this county.

Mr. Ellis is one of the most prominent and well known men here; Badger is a negro.

This negro was living near the plantation of Mr. Ellis and was a notorious and desperate character. The day before the homicide the negro went into Mr. Ellis' field, where a large force of hands were at work, and so deported himself there as to make it necessary for Mr. Ellis to order him out. He refused to leave, became very insolent and assaulted Mr. Ellis who, having no weapon with which to defend himself, left the field for the house, armed himself and returned, but the negro had gone.

Yesterday, before breakfast, the negro went to Mr. Ellis' home, armed with a shotgun, and as Mr. Ellis came out of his front gate the negro drew up his gun to fire on him when Mr. Ellis killed him.

Expressions of sympathy are heard on all sides for Mr. Ellis, for no man living would more regret taking human life than he, and but for the direct necessity would would not have done so.

Magistrate Kills Lawyer in Manning.

MANNING, May 2.—S. M. Youmans, magistrate at Manning, shot and instantly killed John R. Keels, a lawyer, lately from Sumter, this afternoon.

The shooting occurred under the court house portico while Judge Purdy was holding court upstairs.

Five balls entered Keels' chest just below the throat, four going through the body. Keels fell under the eaves while the rain was dripping off the court house. The difficulty was not unexpected as the parties had trouble thirty days ago about a mule.

Keels was known to be a desperate man and Youmans was equally as dangerous when aroused.

Several witnesses saw the killing, among them Clerk of Court Timmons, who saw Keels strike at Youmans and then Youmans commenced firing. Youmans immediately walked into the sheriff's office and surrendered and is now in jail.

The coroner died yesterday and the inquest is being held by Magistrates Richburg and Bateman.

Sick headache results from a disordered stomach and is quickly cured by Chamberlain's Stomach and Liver Tablets. For sale by Bamberg Pharmacy; H. C. Rice.

Garris, E. L. Price, G. E. Hutto, and on motion of Mr. Hutto the resolution was laid on the table, thus defeating it.

Mr. Hutto then offered a resolution that, the two county commissioners be required to run in the primary. This resolution was also discussed by John R. Bellinger, H. S. Dowling, G. E. Hutto, and others. The resolution finally passed by a small majority, so the commissioners go in the primary. Some able speeches were made in the discussion of these two propositions.

E. L. Price offered the following resolution, which was seconded by several and adopted by a rising vote:

Whereas, the Hon. C. W. Garris will be a candidate for re-election as railroad commissioner, and his record in this office is such that he richly deserves the unanimous support of his people:

Resolved, That the Democratic party of Bamberg county, in convention assembled do most heartily endorse the past record of our distinguished fellow-citizen and recommend him to the voters throughout the State, asking for his support in the coming election.

Mr. Garris made an eloquent and feeling response to the resolution.

Mr. Price then offered the following resolution:

Whereas, Senator S. G. Mayfield, who has served this county from its organization in the Senate faithfully and with marked ability, is a candidate for congress from the second district, and having heard of his withdrawal from the second race in favor of Mr. Croft, that he might fill the unexpired term of his father, after having received over eighty per cent of the vote cast by Bamberg county.

Therefore, we, the Democrats of Bam-

berg county, in convention assembled, do hereby approve his course in withdrawing from the race and allowing the unexpired term to go to Mr. Croft, thus showing that he was willing to carry out his offer, made to Mr. Croft before the campaign, allowing him the unexpired term without opposition; and endorse the candidacy of Senator Mayfield for the full term, pledging him our support, and earnestly recommend him to our fellow-citizens of the second congressional district as a man of integrity, character, and ability, and if elected to congress this district will have as able and fearless a representative as any in the South.

This resolution was also adopted by a rising vote, and in touching words Senator Mayfield responded also, thanking the people for their handsome vote given him in the recent primary.

Nominations were then called for to represent this county in the State convention, six being the number of delegates allotted to us. The following were nominated: R. W. D. Rowell, S. G. Mayfield, C. Mr. A. W. Knight, Editor Bamberg Herald, Bamberg, S. C.

Dear Sir: Please permit me through your columns to thank the voters of Bamberg county who supported me in the recent election for congress.

My disappointment in defeat for the unexpired term makes me feel the more grateful to those who stood by me, and I hope that in the future I may be able to demonstrate the same.

I accept the present situation with all the grace that a man and good Democrat should, and bow to the will of those of my fellow-citizens who were not in a position to support me.

Assuring the people of the second district and the State at large that my interest in their welfare and in good government is undiminished by defeat, I am,

Baptist Church Dedicated.

DENMARK, May 3.—Yesterday was one of the most important in the history of Denmark—the day on which the new Baptist church was dedicated. The old one was burned several years ago; but despite many obstacles the persistent and enterprising members have now succeeded in erecting a building which is an ornament to the town and one of which they may justly be proud.

Long before the appointed hour, the new building was filled with people, not only from Denmark, but also from Barnwell, Bamberg, Lees, and other towns around this section of the country. The music was of the best that has been heard here for many a day, and the choir is to be heartily congratulated upon their success. Dr. C. C. Brown of Sumter delivered an eloquent and able sermon. Dr. Brown's was a topical sermon, and the general subject was the "Structure of houses of worship from the earliest times to the present day." He brought out among other things the great benefit to be derived from giving God of our very best; and by giving ourselves the opportunity for sacrifice by building handsome houses of worship.

Services were held in the evening at which the Rev. G. A. McManaway officiated.
